F. Removable plate for quick easy wiring to BX cable

THE KITCHEN APPLIANCE of the FUTURE — is Here NOW!
. . . saves precious workspace on kitchen counters

Here are the three most widely used kitchen appliances — a Food Mixer - Blender - Knife Sharpener - all *in-built* — completely recessed — fits flush with any counter space — operated from one powerful, sealed-in motor. Stainless steel counter plate holds the enclosed switch.

The Food Mixer is revolutionary in design — bowl is Anodized Aluminum — motor-driven — full 3½ quart — unbreakable — the world's *finest* mixer! . . . The Powerful Blender has 6 speeds — stainless steel blades — sealed in for safety. Women will love the unusual Electric Knife Sharpener — guaranteed to give finest blades a long-lasting sharpness!

Guaranteed **by NuTone — one of the most dependable names in the Electrical industry. U.S. & Foreign Patents Pending.**

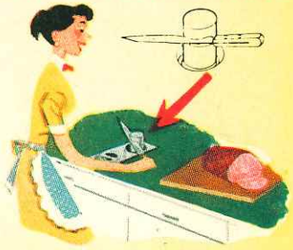
"IN-BUILT" Food Preparation Center!*

*1 It's a Large Mixer

*2 It's a Food Blender



*3 It's a Knife Sharpener

A BIG, NEW FEATURE FOR YOUR 1956 HOMES!

This world's first — NuTone *in-built* kitchen appliance will excite the enthusiasm of all home buyers. It will set a complete new small-appliance trend towards *in-built* construction — along with in-built ranges, refrigerators and other home appliances.

NuTone guarantees its Mixer - Blender - Sharpener to be *as good or better* than *any* nationally known individual appliance of its kind. We have independent laboratory tests to prove this claim!

Easily and quickly installed in any kitchen counter top. All attachments stored right in the mixing bowl — protected by plastic bags.

We will introduce this sensational, space-saving NuTone Kitchen Appliance at the N.A.H.B. 1956 Convention in Chicago January 22-26.

Will You be First with this great appliance in Your 1956 Homes?

Over 1000 of America's outstanding Architects and Home Builders — **leaders** in their areas — have accepted our invitation to see this great new appliance — to be shown in our special suite at the Blackstone Hotel. We invite all Architects and Builders to see our special demonstration.
